fail to or cease to be listed on the Euronext Dublin, certain investors may not invest in, or continue to hold or invest in, the Securities.

12 ROC Taxation

The following summary of certain taxation provisions under ROC law is based on the Issuer's understanding of current law and practice. It does not purport to be comprehensive and does not constitute legal or tax advice. Investors (particularly those subject to special tax rules, such as banks, dealers, insurance companies and tax-exempt entities) should consult with their own tax advisers regarding the tax consequences of an investment in the Securities.

This general description is based upon the law as in effect on the date hereof and that the Securities will be issued, offered, sold and re-sold, directly or indirectly, to professional investors as defined under Article 2-1 of the Taipei Exchange Rules Governing Management of Foreign Currency Denominated International Bonds only. Purchasers of the Securities are not permitted to sell or otherwise dispose of the Securities except by transfer to a Professional Investor.

This description is subject to change potentially with retroactive effect. Investors should appreciate that, as a result of changing law or practice, the tax consequences may be otherwise than as stated below.

Interest on the Securities

As the Issuer of the Securities is not a ROC statutory tax withholder, there is no ROC withholding tax on the interest or deemed interest to be paid on the Securities.

Payments of any interest or deemed interest under the Securities to an ROC individual holder are not subject to ROC income tax as such payments received by him/her are not considered to be ROC sourced income. However, such holder must include the interest or deemed interest in calculating his/her basic income for the purpose of calculating his/her alternative minimum tax ("**AMT**"), unless the sum of the interest or deemed interest and other non-ROC sourced income received by such holder and the person(s) who is (are) required to jointly file the tax return in a calendar year is below NT\$1 million. If the amount of the AMT exceeds the annual income tax calculated pursuant to the ROC Income Basic Tax Act (also known as "**the AMT Act**"), the excess becomes such holder's AMT payable. ROC corporate holders must include the interest or deemed interest receivable under the Securities as part of their taxable income and pay income tax at a flat rate of 20% (unless the total taxable income for a fiscal year is under NT\$120,000), as they are subject to income tax on their worldwide income on an accrual basis. The **AMT** is not applicable.

Sale of the Securities

In general, the sale of corporate bonds or financial bonds is subject to 0.1% securities transaction tax ("**STT**") on the transaction price. However, Article 2-1 of the Securities Transaction Tax Act prescribes that STT will cease to be levied on the sale of corporate bonds and financial bonds from 1 January 2010 to 31 December 2026. Therefore, the sale of the Securities will be exempt from STT if the sale is conducted on or before 31 December 2026. Starting from 1 January 2027, any sale of the Securities will be subject to STT at 0.1% of the transaction price, unless otherwise provided by the tax laws that may be in force at that time.

Capital gains generated from the sale of bonds are exempt from income tax. Accordingly, ROC corporate holders are not subject to income tax on any capital gains generated from the sale of the Securities. However, ROC corporate holders should include the capital gains in calculating their basic income for

the purpose of calculating their AMT. If the amount of the AMT exceeds the annual income tax calculated pursuant to the Income Basic Tax Act (also known as the AMT Act), the excess becomes the ROC corporate holders' AMT payable. Capital losses, if any, incurred by such holders could be carried over 5 years to offset against capital gains of same category of income for the purposes of calculating their AMT.

13 ROC Settlement and Trading

The Issuer has not entered into any settlement agreement with Taiwan Depository & Clearing Corporation ("**TDCC**") and has no intention to do so.

In the future, if the Issuer enters into a settlement agreement with TDCC, an investor, if it has a securities book-entry account with a Taiwan securities broker and a foreign currency deposit account with a Taiwanese bank, may settle the Securities through the account of TDCC with Euroclear System Bank S.A./N.V. ("**Euroclear**") or Clearstream Banking S.A. ("**Clearstream**") if it applies to TDCC (by filing in a prescribed form) to transfer the Securities in its own account with Euroclear or Clearstream to such TDCC account with Euroclear or Clearstream for trading in the domestic market or vice versa for trading in overseas markets. For settlement through TDCC, TDCC will allocate the respective Securities position to the securities book-entry account designated by such investor in the ROC. The Securities will be traded and settled pursuant to the applicable rules and operating procedures of TDCC and the TPEX as domestic bonds. For such investors who hold their interest in the Securities through an account opened and held by TDCC with Euroclear or Clearstream, distributions of principal and/or interest for the Securities to such holders may be made by payment services banks whose systems are connected to TDCC to the foreign currency deposit accounts of the holders. Such payment is expected to be made on the second Taiwanese business day following TDCC's receipt of such payment (due to time difference, the payment is expected to be received by TDCC one Taiwanese business day after the distribution date). However, when the holders actually receive such distributions may vary depending upon the daily operations of the Taiwanese banks with which the holder has the foreign currency deposit account.
